FRIS is on Social Media!
In April, FRIS launched a Facebook page, reaching over 800 community members in its first 90 days. Our social media presence enables the sharing of relevant information, promotes training events, and encourages social responsibility for reducing sexual violence and stalking.

Sexual Assault Kit Initiative (SAKI)
The SAKI project of the state’s unsubmitted kits focused on the testing phase, with over 2400 kits/cases estimated to be reviewed for testing before the project’s end. To date 685 cases are in the review process for potential uploading to the national DNA database (CODIS); 183 have been entered into CODIS already resulting in 35 hits/matches in the state’s portion of the database.

Campus Climate Surveys
FRIS facilitated the coordination of a standardized campus experiences survey on nine residential campuses, with over 3350 students participating.

Sexual Assault Forensic Examination (SAFE) Commission
County plans outlining forensic, advocacy and transportation services were due to the Commission and feedback was provided to enhance local protocols.
