It is designed to provide a comprehensive education program in the complete assessment, evaluation, and treatment of the adult sexual assault survivor.

Upon completion of the 40-hour didactic training, there is a post-training clinical requirement that must be completed according to the nurse's scope of practice and guidelines of the training course.

Days 1, 2, and 5 are suggested for prosecutors, law enforcement officers, and victims advocates. RNs MUST attend ALL five days of the training to receive contact hours. This course meets the educational guidelines of the International Association of Forensic Nurses.
