

PEDIATRIC SEXUAL ASSAULT NURSE EXAMINERS TRAINING

April 24-27, 2007

United Hospital Center
Clarksburg, WV

Course Description

The purpose of this seminar is to provide nurses who have attended and completed the requirements of a basic Sexual Assault Nurse Examiner (SANE) Training Course with knowledge specific to the pediatric sexual assault examination. This intense four-day seminar will include 32 hours of specialized training April 24-27, 2007.

This training does not “certify” the SANE to perform pediatric sexual assault exams. Satisfactory completion of the course indicates that the SANE has attended the training. Post clinical requirements will be recommended and that will become the responsibility of the SANE to arrange after the didactic course.

Registration Requirements

- Current licensure to practice as a RN
- Completion of an Adult SANE Training
- Submission of a preceptor letter with registration

Each SANE must select a preceptor who will agree to shadow the clinical experience which includes witnessing pediatric exams for children from birth to 2 years; 2 years to 6 years; 6 years to 12 years and 12 years to 17 years.

The preceptor may be a physician, advanced practice nurse, or pediatric trained SANE. SANEs must submit a letter from the preceptor who has agreed to supervise the pediatric forensic evaluation clinical component of their training. The preceptor’s letter must include the preceptor’s title, place of employment, contact phone number, area of practice and experience in performing pediatric examinations.
